

MycoGold Defender+

Corn Rootworm Defense

MycoGold® Defender+ is a methylotrophic bacterium with a consortium of other beneficial microbes that mitigate corn rootworm feeding damage and help maintain and improve yield when rootworms are present. When conditions are conducive to high corn rootworm pressure, use Defender+ with or without MycoGold Corn Blend Bio Seed treatment—rotational program with other registered insecticides effective against corn rootworm.

Net Weight: 20 oz.

FOR USE WITH:

Corn

ACTIVE INGREDIENTS:
