MycoGold® BIOLOGICALS

MycoGold Defender+

Seed Treatment Defense

MycoGold® Defender+ is a methylotrophic bacterium with a consortium of other beneficial microbes that mitigate corn rootworm feeding damage and help maintain and improve yield when rootworms are present. When conditions are conducive to high corn rootworm pressure, use Defender+ with or without MycoGold Corn Blend Bio Seed treatment—rotational program with registered insecticides effective against corn rootworm.

Net Weight: 20 oz.
